Dear Brothers and Sisters in Christ,

Trinity Biblical University was established in 1992. The purpose and vision of this ministry is to equip the saints for the work of the ministry and for edifying the body of Christ (Ephesians 4:12). It is our desire to prepare men and women for whatever our Lord has called them to do and to be. The staff at TBU is dedicated to the purpose and vision of this University, as it is their ministry to the Lord.

If you choose TBU as the institution through which to earn your degree, I am confident that you will not regret your decision. In addition to the office staff, who are eager to serve you, you will be assigned a personal mentor to assist you in achieving your academic or spiritual goals. We encourage our students to develop a close relationship with their mentor.

With so many excellent Christian colleges and universities available today, may the Lord guide you and direct you to the right place for you to obtain your Christian education.

TENETS OF FAITH

- I. **BIBLE.** We believe in the Scriptures of the Old and New Testaments as verbally inspired of God and inerrant in the various matter of which they speak.
- II. **TRINITY.** We believe in one God eternally existing in three persons of the Godhead; Father, Son and Holy Spirit. That these three persons have the same nature, attributes and perfection.
- III. **CREATION AND FALL.** We believe that the universe with all that is in it was created in the beginning by the word of God; that man's body was made by a creative act of God; that the first man Adam, fell from his original state of innocence, became corrupt in nature and came under the condemnation and the sentence of death; and because of the unity of the race in Adam, its natural head, all men have come under the consequence of sin.
- IV. **CHRIST.** We believe that Jesus Christ was conceived by the Holy Spirit, and is truly God, born of the virgin Mary, and is true man who shed His blood for the sins of all men as a substitutionary sacrifice; that He arose in the very body, though glorified, in which He had been crucified; that He ascended into heaven and is seated at the right hand of God; and He now appears in the presence of God on behalf of His people.
- V. **HOLY SPIRIT.** We believe that the Holy Spirit is a divine person; that He inspired men to write the Scripture; that He convicts the world of sin, of righteousness, and of judgement and He regenerates those who believe, places them into the body of Christ, and dwells in them; that as Christ's representative on earth He calls out a people from the Jews and Gentiles and makes of them "one new man"; and that He calls out men to God's service and empowers them and directs them in that service.
- VI. **SALVATION.** We believe that through faith in the crucified and risen Christ, man is justified, regenerated and given the position of a child in the family of God; and there is but one way of salvation that is, through faith in Christ, and that those who have been born of the Spirit of God never perish.
- VII. **CHURCH.** We believe that the church is the company of all those who have been born of the Spirit of God and baptized into the body of Christ by that Spirit; and that this church is the body of Christ, and the temple of the Holy Spirit; and the Bride of Christ; that during this dispensation all regenerated Jews and Gentiles are united in one church in Christ and some day Christ will present this church to Himself without blemish.
- VIII. **LOCAL CHURCH.** We believe that the local church is an autonomous body of baptized believers united together upon profession of faith and observing two ordinances (Baptism and the Lord's Supper). The local church is to purify, edify and occupy itself with prayer and fellowship and to endeavor to reach men for Christ at home and abroad.
- IX. **SATAN.** We believe that the fallen angel known as Satan was originally perfect in his way; that he fell and drew with him a large number of angels; that he, together with his angels and demons, is active in opposition to God and His work; that Satan and his emissaries were defeated at the cross of Christ; that they will be bound for a thousand years at the return of Christ to the earth; and that ultimately they will be cast into the lake of fire where they will be punished eternally.
- X. **FUTURE THINGS.** We believe in the personal, premillennial return of our Lord Jesus Christ; and the resurrection of all those who have died in Him; that He will reign over Israel and the Gentile nations on the earth during the millennium, after which the wicked dead along with Satan and his emissaries, will be cast into the lake of fire where they will be punished forever.

THE MINISTRY OF TRINITY

I. PURPOSE

TBU is an evangelical, interdenominational, multiethnic and multinational community dedicated to the preparation of men and women for the manifold ministries of Christ and His church. Under the authority of Scripture it seeks to fulfill its commitment to ministry through undergraduate, graduate and post graduate education, professional development and spiritual growth. In all its activities, including instruction, nurture, worship, service, research and publication, TBU strives for excellence in the service of Jesus Christ, under the guidance and power of the Holy Spirit, to the glory of the Father.

II. EVANGELICAL COMMUNITY

The TBU community - Board of Directors, Faculty, Staff and Students - believe that Jesus Christ, as revealed in the Holy Scripture and proclaimed in the power of the Holy Spirit, is the only ground for a person's reconciliation to God.

III. ACADEMIC EXCELLENCE

The Board of Directors and Faculty of TBU are committed to achieving and maintaining the highest academic standards in teaching, research and writing.

IV. FACULTY COUNCIL

The Faculty Council of TBU acts as a decision making body for those matters for which it has responsibility and as an advisory board to the President and the Academic Deans, on educational policies and practices.

V. CHRISTIAN SERVICE

In order to meet the demand of the church today, the Academic Board and Faculty of TBU take seriously the apostolic description of the church's nature - one body, many members. For this reason, all the programs of TBU are designed to provide for a wide range of Christian service.

VI. PERSONAL MATURITY

The Administration and Faculty of TBU believe that Christ's church must minister to the whole person. Emotional healing in Christian perspective is the particular goal of the Christian Counseling Department and this aim is shared by the entire school. The ultimate objective is that every TBU graduate be equipped to model as well as foster in others a personal maturity which is demonstrated by loving service to others and responsible Christian discipleship.

VII. SOCIAL CONCERN

The Administration and Faculty of TBU have a deep-seated concern to demonstrate and to evoke a quality of discipleship which applies to biblical norms of love and justice in all human relationships.

VIII. RESPONSIBLE STEWARDSHIP

TBU is committed to a responsible stewardship of its educational processes, facilities and financial resources.

ADMISSION PROCEDURES AND POLICIES

I. THE APPLICATION PROCESS

Admission to Trinity Biblical University (TBU) goes beyond an applicant's academic record. It encompasses Bible knowledge, Christian experience, and spiritual growth. The applicant is to be qualified for Christian ministry by faith, moral character, experience, and academic achievement. Applicants should be characterized as having compassion for individuals and a sensitivity for community needs, a burden for Christ's work on earth, an acceptance of correction, a desire for moral growth, personal integrity, and, above all, a deep trust in Jesus Christ as the foundation for life and ministry. TBU desires only those applicants who are committed to Jesus Christ.

TBU does not discriminate on the basis of race, color, national origin, ancestry, gender, marital status, medical condition, disability, or age. This nondiscrimination policy covers admission and access to and treatment in TBU's programs and activities.

With the evaluation process completed, the new student may select his/her first course (see Class/Course Enrollment & Structure). Tuition fees for undeclared major students must be paid in advance. Note: An *Undeclared Major Application for Admission/Financial Agreement* is valid for eight months after the request of a student's first course.

One of the benefits of attending TBU is that the students are required to take courses in other fields of study in addition to their major...all the courses were applicable and equipped me to better love and serve God and others...I have benefited greatly from the counseling courses offered at TBU...the process of attending TBU and completing the classes caused me to understand that it is never too late to achieve anything that the Lord places in your heart to do. Through attending TBU I have learned to dream bigger dreams. It took me a long time to finally get my bachelor's degree, but the Lord used that time to mold me into a person who was ready to embark on this adventure later in life.

I have had a desire to further my education for most of my adult life. Priorities of providing for my family and the busyness of full time ministry made this difficult for many years. However, starting a relationship with Trinity Biblical University has provided an excellent environment for me to further my education without neglecting other priorities.

I am grateful for the *ministry* of Trinity Biblical University. TBU is much more than an educational program; it is a service to people like me who are serving the Lord but still desire the challenge of furthering my education. Being a husband, a father of four and serving as a missionary in Europe, the notion of going away to earn a degree would have been impossible. TBU filled the gap for all of these things in my life and ministry! Thanks TBU!—

COURSE DESCRIPTIONS

APOLOGETICS COURSES

- A-100-3 **BASIC APOLOGETICS** A systematic defense of the essential teachings of the Christian faith.
- A-110-3 **DEFENDING YOUR FAITH** Every Christian is exhorted to be ready to give an answer for the hope that is within us. In other words, we need to be able to define and defend our faith. This course will lay the groundwork for this defense.
- A-200-3 **DIVISIVE DOCTRINES** This course takes a detailed look at the historic doctrines of Christendom, starting with the writings of the early Church fathers and through modern day theology. This course focuses on the doctrinal disagreements Christians have within the Church. The student will gain Scriptural balance on all the points of contention and learn how to use doctrine to unite the Church, not divide it.
- A-210-3 **CREATION SCIENCE** In this course the major arguments in favor of the creation model and the major arguments for and against the evolutionary model are set forth.
- A-220-3 **INTELLIGENT DESIGN** This course explores the magnificent complexity of the universe and surveys some of the latest findings from biochemistry, astrophysics and other fields, revealing that the mechanisms of evolution fall apart in the face of the hard facts. The student is taken beyond the data and given a glimpse of the Designer who is behind everything that exists.
- A-230-3 **THE INERRANCY OF SCRIPTURE** Is the Bible inerrant or not? This course answers definitively in the affirmative! It discusses the meaning of special revelation and inspiration showing the Scripture's witness to itself and the historical view of inspiration and its implications.
- A-240-3 **APOLOGETICS OF JESUS** This course takes a look at the ways in which Jesus used apologetics to relay the Gospel to different individuals. The student can expect to understand apologetics better and appreciate the necessity of being better equipped to give clear answers to those who ask.
- A-290-3 **DISCUSSING YOUR CHRISTIAN CONVICTIONS** In this course the student will discover that apologetics makes for a necessary and wonderful springboard for sharing your faith.
- A-320-3 **THE CULTS & OCCULT** An analysis of the history and teachings of major non-Christian cults (Mormonism, Jehovah's Witnesses, Christian Science, etc.) Also, an analysis of the many branches of the secret world of the occult (Satanism, Witchcraft, Spiritism, Black Magic, etc.)
- A-321-3 **WORLD & SECULAR RELIGIONS** An analysis of the history and teachings of the major world religions (Buddhism, Hinduism, Islam, Judaism, etc.) Also, an analysis of the history and teachings of the major secular religions (Humanism, Marxism, Existentialism, etc.)
- A-330-3 **ARGUMENTS FOR THE EXISTENCE OF GOD** This course defends the existence of God. It will help the student to understand how to argue for the existence of God against the philosophies and sciences of today's world. A student can expect to be equipped to stand against today's modern world-views.

- A-340-3 **UNDERSTANDING A POSTMODERN CULTURE** In this course, the student will receive a survey of the Postmodern culture and how it affects today's thought and worldview. You will understand the roots and dangers of this worldview and how to defend against it through the balance of the Word of God.
- A-380-3 **COMPARATIVE RELIGIONS** How does orthodox biblical Christianity differ from other faiths? This course will explain the basic tenets of Protestantism, Roman Catholicism, Eastern Orthodoxy, Judaism, Islam, Hinduism, Buddhism, Mormonism and other religions and beliefs of the world. You will also learn why relative thinking—the idea that there is no objective, absolute truth—has become the predominant mind-set in our culture, and how to respond to it.
- A-390-3 **THE EMERGENT CHURCH** Grounded in a centuries-old mystical approach, this movement is powerful, yet highly deceptive, and it draws its energy from practices and experiences that are foreign to biblical Christianity. The emerging church path is leading right into the arms of an interfaith perspective that has prophetically profound ramifications. It is indeed a new way of being Christians. This course will teach the student to understand the roots and vision of this movement and how to guard the true faith.
- A-420-3 **DEFENDING THE BIBLICAL JESUS** This course equips the student to discerningly and accurately answer those who attempt to redefine the Jesus of the Bible. By laying a foundation from the Word of God, this course uses a journalistic method of research to expose the errors offered by many of the modern philosophies of our day.
- A-430-3 **THE AUTHORITY OF SCRIPTURE** Understanding basic facts about the origin and authority of the Bible is essential for every Christian, but it can also be confusing and difficult. The nature of inspiration, the extent of the canon, and the usefulness of modern versions are clearly discussed.
- A-450-3 **CHRISTIAN CONVICTIONS** A course geared toward youth evangelism, yet is applicable across the board. It is a detailed study of how what we believe directly affects our choices and behavior.
- A-490-3 **LOGIC VS. ATHEISM** A course that equips the student to defend the Christian faith in a logical and compelling way. This course refutes the atheistic relativism of our current culture.
- A-510-3 **FAITH VS. SCIENCE** Increasing numbers of scientists are concluding that the world looks designed because it really is designed. This course will show the student how science is steadily nailing the lid on atheism's coffin—and discover that behind a universe of breathtaking design, there is a Designer with magnificent purpose.
- A-520-3 **ISLAM, TERRORISM, AND CHRISTIANITY** This course contrasts the teachings of Islam and the Quran with those of Jesus and Christianity; discovers the violent nature of Islamic theology and the best way to evangelize the Muslims.
- A-530-3 **UNDERSTANDING ISLAM** After completing this course, the student will obtain an insider's perspective on what it means to be a Muslim. The student will learn some of the key concepts that drive the religion of Islam. The student will also have a grasp of how to engage a Muslim and to share the truth of the Christian faith with Muslims.
- A-540-3 **ANSWERING ISLAM** Through this course, the student will grasp a basic knowledge of the major differences between Islamic and Christian theology. The student will also be able to articulate a defense of the Christian faith with a Muslim friend.
- A-550-3 **UNDERSTANDING CALVINISM** A hard, critical evaluation and refutation of the central doctrines of Calvinism.

- A-560-3 **LIVING THE FAITH WE DEFEND** This course addresses topics that shape the future of world-wide Christianity. You will be challenged to go beyond mere understanding and wrestle honestly with every question, internalize those answers, and live out those answers to a watching world.
- A-570-3 **CHRISTIAN APOLOGETICS** This course will provide the student with a very thorough and systematic defense of Evangelical Christian Theism and a fundamentally sound approach to Christian apologetics.
- A-580-3 **DEVELOPING A BIBLICAL WORLDVIEW** How a person approaches life is dictated by his or her worldview or, by one's collection of presuppositions, convictions, and values. By these, a person tries to understand and make sense of the world in which he lives and of life. The Christian's worldview should be determined by the influences of Scripture. This course drives the point home with clarity and certainty.
- A-590-3 **INDEPENDENT STUDY** This course provides the student with the opportunity to study in-depth some aspect of ministry that may not be covered by other coursework.

BIBLICAL STUDIES COURSES

- B-110-3 **BIBLE STUDY PRINCIPLES** This course deals with four elements of interpretation: 1) What interpretation is, why it is necessary, the tools you will need and how to undertake this task; 2) General principles for interpretation; 3) Principles that apply to special types of language; and 4) How to apply the Bible to our own lives.

This course provides an astonishing and refreshing look at the book of Joshua.
